Together with an enormous stock of DOMESTICS, purchased in the fall at very low figures, with a view of being prepared for the EARLY SPRING TRADE, without being subjected to the exorbitant rates of Rail Road charges, such goods as are sold a little above Eastern cost, we are prepared to show, and will be most happy to sell the

Ever before offered in the West!
Being connected with several large manufacturing establishments and importing houses at the East, giving us an advantage over any other Mercantile House in the State, and having long resided and done business in this city, and our established principles of doing business being well known to every city and country customer, to be of the most liberal nature, we flatter ourselves that we can say with safety that we consider competition quite out of the question.
We would say to
COUNTRY MERCHANTS
who design going East to purchase, that we would esteem it a favor if they would honor us with a call before leaving for New York and Boston, as we feel quite confident that we can convince them that it is to their interest to purchase in Milwaukee.

MILWAUKEE, Aug. 5th.

MORE HELP FOR BUCHANAN.—The *News* announces, with an extra flourish of drums and *trumpets*, that Mr H. S. ORTON, of Madison, one of the "eminent counsel" who undertook the job of defending ex-Governor BARSTOW and the iniquities of last Fall's canvass, and reported to be a member of the K. N. order, is to address the Buchanan Club to-night, in behalf of their candidate. The BARSTOW men intend to monopolize the management of the campaign in Wisconsin.

P. S. *Last* night, instead of to-night, was the time for Mr. ORTON'S "last dying speech and confession," and by dint of cannon, bonfire, and music, a good many of the faithful and frolicking boys got together. At the time we were present, about 9 P. M., there were about half as many there as were present at the last Fremont gathering in the same place, and Mr. Orton was "throwing himself," and endeavoring to rouse the anger of his auditors, against the wicked Republicans who say that the time for compromises with Slavery is past.

We have heard Mr. ORTON make capital speeches when he was a whig, but since passing into the form of a Buchanan Know-Nothing, his cleverness seems to have left him. He has got to be so thoroughly pro-slavery now that a man standing near us asked "if that wasn't Buchanan himself."

IOWA ELECTION.—The election in Iowa has gone Democratic, Hall, Democrat, in the South District is elected to Congress with a good show in the North District for Leffer, Democrat.—*Madison Democrat.*

The *News* publishes similar intelligence—but it is "mung news." IOWA has given an overwhelming majority for FREMONT AND FREEDOM.—On the State ticket, the Buchaneers are beaten *from six to seven thousand.* Both branches of the Legislature are Republican by two, or three, to one. DAVIS, Republican, is elected in the North District, by *four* thousand and upwards over LEFLER (Sham Democrat) and the latest returns from the South District put CURTIS, Republican, a thousand or so ahead of HALL, the present *Buchanan member.* IOWA has administered a "stunner" to the "Border Ruffian and Buchanan Democracy."

THE PACIFIC RAILROAD BILL—CLOSE VOTING.—The bill was reported in the House of Representatives day before yesterday. A dispatch, which failed to reach us that night, says:

> A struggle ensued between the friends and foes of the measure on points of order, when a motion was made by Mr. Orr to postpone the consideration of the bill to the second Monday in December, which was lost by the casting vote of the Speaker.
>
> A joint resolution, allowing sixty additional days during which the creditors of Texas can present their claims to the Treasury Department, was passed. Nearly four hundred thousand dollars remained unpaid.
>
> The House passed fifty private bills and adjourned.

A PARALLEL.—At the dedication of the Fremont Ranche in Brooklyn, Col. Snow, of N. Y., speaking of the Southern chronic threat of Disunion, said that it reminded him of the mate of the American clipper, who, when the captain persisted in standing out to sea in a gale of wind, jumped into the yawl boat and said, "if you don't bout ship, I'll cut the painter and let you go to the d—l, sir."

LUGUBRIOUS.—The St. Louis *Intelligencer* has a column of desolate howling over the defeat of the Know Nothing candidate for Congress, but on the whole consoles itself because the Locofocos are as badly beaten as they. It concludes:

> The defeat of Luther M. Kennett, a national conservative man, by Blair, a professed Free Soiler, is due to the side farce which the Anti-Bentonites have persisted in playing, to the damage of themselves, and the benefit of nobody.

SUPERIOR CITY LAND OPERATIONS.—The *Minnesotian*, St Paul, says that the land operations of the Superior City Land Co. have been knocked in the head by the Department at Washington, and promises an *expose* of the whole matter shortly.

Letter from Senator Sumner.

We have been permitted to copy the following letter from Senator Sumner to Mr. D. Y. Kilgore of this place. It was written in reply to a note from the latter gentleman enquiring whether he would be able to visit and address the people of Wisconsin during the present campaign:

CRESSAN, ALLEGHANY MOUNTAINS, }
Penn., 7th August, '56. }

MY DEAR SIR:

I am still so far disabled that it would be rash in me to make engagements for the future. I know not when my strength will come to me, or what it will be. My first desire now is to be able to speak from my seat in the Senate.

It is my hope afterwards to take part in the pending contest, where I can do the most good. If this shall be in Wisconsin, then shall I gladly go to Wisconsin. Good men are there with whom I confess especial sympathy, and gladly would I look again upon that fair capital, which sits in queenly beauty, surrounded by fascinating prairies, while its feet are washed by sparkling waters.

Ever faithfully yours,
CHARLES SUMNER.

The Elections.

IOWA.—Our latest returns from the First District show that in 19 counties Curtis is 1,672 ahead of Hall, and we think there is no ground to doubt that he is elected. The Burlington *Hawk Eye* of Monday has intelligence through a gentleman just from Council Bluffs, that Mills and Montgomery, and in fact all western counties heard from, except Pottawatamie, have given Republican majorities.

The Iowa City *Republican* says that the Anti-Nebraska majority in the Legislature will be overwhelming, standing three to one of the Black Democracy. We should not be at all surprised if the general majority against them in the State should reach ten thousand.

MISSOURI.—There is no longer any doubt of the election of Polk for Governor. The complexion of the Legislature may be judged of by the dispatch in another column.—*Chicago Press.*

Speech of Preston S. Brooks, of South Carolina—An Electioneering Document.

A correspondent sends us a copy of the speech made by the cowardly bully Brooks, in the House, on the day of his censure by that body. It was in this speech he avowed his being ready to *kill* Mr. Sumner if he had resisted. This precious document is being distributed liberally through the mails by the Democratic National Committee and others. Our correspondent writes:

MESSRS. EDITORS:

Has this precious document been circulated in your midst in this form? Buchanan and his friends must feel confident of good success—in getting up Salt River—if this is a specimen of their electioneering thunder. It contains almost too much *gutta percha* to be digestible! Yet if you open your mouth and shut your eyes, young robin fashion, it may "go down." But I suppose it is dealt out to the faithful the same way as the shipwrecked mariner deals out putrid meat to his famishing crew—for the want of something better. In addition to this speech, if the Democracy would only circulate Jones' speech at the sacking of Lawrence, and Atchison's at the polls in Kansas, with a likeness of Brooks as he appeared when assaulting Senator Sumner, and of Herbert in the act of murdering Keating, then triumph would be certain!

I have been surprised that the democracy have not ere this taken measures to procure a *gutta percha statue* of Brooks, as he appeared when committing his murderous assault upon Sumner, to stand in the Senate Chamber at Washington; and another of him out of putty; representing him as he *appeared* while fighting a *duel* with Burlingame *near* the *Clifton House in Canada*! He is a jewel of a democrat, *this* Brooks is!"

Fremont Club at Barton, Washington County.

Pursuant to notice, the Republicans of Barton and vicinity met on Saturday, August 9th, 1856, at 4 o'clock P. M. at "Reisse's Hall" in the village of Barton, for the purpose of organizing a Fremont Club. W. P. BARNES was called to the chair, and GEO. W. MCCARTY and L. F. FRISBY, Esq., were chosen Secretaries.

The object of the meeting having been stated by the chairman, the meeting proceeded to adopt a constitution, elect their officers, and designate the name of the Club.

The Club is to be known as the "Fremont Club" of the Village of Barton.

W. P. BARNES was chosen chairman; HENRY NICHOLS and W. P. HORTON, Secretaries; JOHN R. TAYLOR, Treasurer. PHILIP F. SCHUSTER, J. G. WHITCOMB, and the other officers, to constitute an Executive Committee.

After some spirited remarks from J. G. WHITCOMB, L. F. FRISBY, Esq., and others, the meeting adjourned to meet on Saturday evening next at 6 o'clock P. M.

THE STAMPEDE OF MR. FILLMORE'S SOUTHERN FRIENDS.—The *N. Y. Mirror*, in allusion to the numerous defections from the Fillmore ranks in the Southern States to Buchanan, on the paramount issue of Slavery, makes the following truthful remarks:

> Great as is the influence in the South of this stampede of Mr. Fillmore's friends, we imagine that it will be outweighed by its effect on Northern men now nominally acting with Mr. Fillmore. The causes which are working in the South to send Fillmore men to Buchanan operate here to swell the ranks of the Republican party. Thousands of conservative Northerners who were willing to occupy the middle ground presented by Mr. Fillmore's platform, will never consent either to vote for Buchanan, or to throw away their votes on a candidate who has been abandoned by the South. And when challenged by their associates in the South for their reasons for going the Fremont forces, they will answer—We have the same right to abandon Fillmore for Fremont as you have to desert Fillmore for Buchanan; we love not the Whig party less, but constitutional liberty more; and as you have determined to make slavery extension the paramount and only issue, we array ourselves on the side which presents the strongest antagonism to your aggressive spirit, and which has the best chance of repelling your encroaching policy.

THE NEWS AND H. G. WEBB.—The *News* expresses surprise that we did not publish Mr. G. H. WEBB'S letter, denying the charge that he was a Know Nothing. We published the substance of the latter, as soon as we received it, which was all that we are under any obligation to do. The *News* is yet more surprised—nay "utterly astonished" to see "the charge reiterated in the *Sentinel* of Tuesday morning by another anonymous correspondent." Not so; a respectable name accompanies the charge, and the Ripon *Spur* vouches for its truth.

TERRIBLE CALAMITY!

Boiler Explosion in Wilder's Safe Manufactory—Three Men Killed and Fifteen Persons Injured.

[From the N. Y. Tribune]

A frightful accident occurred on the corner of Third avenue and Thirteenth Street, Gowanus, about 4½ o'clock on Saturday afternoon last, resulting in the demolition of part of the extensive safe manufactory of B. G. Wilder & Co, by which three lives were lost and sixteen persons were more or less seriously injured. The accident was caused by the explosion of a boiler in the establishment, which forced out one of the walls and scattered death and destruction all around.

The explosion took place at 4½ o'clock. Mr. G. B. Wilder, who was in the office at the time, describes it as resembling the explosion of a sand blast, heavy and dull, without any sharp report. The effect was to raise up the first and second floors, and to bulge out the walls on the Thirteenth street side, a portion of the boiler being forced through the wall, which was 20 inches in thickness. The force of the concussion had the effect of elevating the floors for some inches, and being heavily burdened with the stock and machinery, an instantaneous revulsion brought down the whole, and buried all beneath the ruins who were in that portion of the building at the time destroyed. This damage was confined to the immediate vicinity of the engine room and basement—about 20 feet of the front and the stable being uninjured.

The alarm of the explosion attracted a large number of the neighbors. Capt. Combs of the Eighth Ward Police, with a posse of men, together with Engine Co. No. 21, were soon after upon the ground. It was deemed to be inexpedient to attempt the removal of the sufferers before demolishing the wall. Meanwhile an alarm of fire had been communicated to the Third District Station House, and with the arrival of several hook and ladder companies and the Police, the work of demolition was commenced, and the damaged wall was torn down, carrying with it the roof and third floor. The spectacle that presented itself at this juncture was most horrible. The dying and wounded lay crushed beneath the mass of ruins. Their moans of agony and cries for help could be distinctly heard, but in the confusion which prevailed no immediate relief could be extended.

The work of rescuing and relieving the sufferers was conducted with the most indomitable zeal and energy until 5½ o'clock on Sunday morning, when the following persons were found to have been killed and injured:

KILLED.

Obadiah Walling, jr., aged 19, an apprentice, residing in Seventeenth street, between Fourth and Fifth avenues, was taken out of the basement shortly after the explosion, dead. He worked on the second floor and went down to cut sheet iron, in which he was engaged at the time of the catastrophe. His head was crushed in and he was otherwise dreadfully mangled and scalded.

John Haney, aged 40 years, foreman of the filling department, residing in Tenth street, near Third avenue, was found near his bench, on the first floor, about 9 o'clock, dead. He was found underneath one of the beams, which pressed heavily upon his body. He leaves a wife and one child. He was one of the most reliable men in the establishment, having had charge of a most important branch of the business.

Isaac Hicks, (colored) employed as a driver, 40 years of age, boarded in Third avenue, near Eighth street. His family, consisting of wife and seven small children, reside at Fort Hamilton.—He was engaged at the time in unloading some barrels of plaster of Paris from his wagon to the first floor, immediately above the boiler. He was found bent over a barrel, the beams lying on him. He was heard to groan for a long time but at length his voice died away and his dead body was exhumed about 11 o'clock. He was a very athletic and valuable man, enjoying the confidence and esteem of his employers.

The amount of loss sustained will reach $22,500, upon which there are insurances in the Brooklyn, Atlantic, Mechanics' and Traders', and other offices in New York. There does not appear to have been any fire, however.

There were on the second floor seventy-five safes, completed and ready to be filled, the average value of which was $190 each.

The above estimated loss covers damage to building, machinery and stock. A large portion of the stock, consisting of iron, will not prove a total loss.

Coroner Redding summoned a Jury yesterday, who viewed the bodies, and an inquest will be held this morning.

Fifteen others were more or less injured—*some, it is feared, mortally.*

The Schooner "Dean Richmond" at Thorold, Canada.

The Chicago *Journal* condenses in the following paragraphs the substance of three columns in the Thorold *Gazette*, giving a detailed account of the reception of the good Schooner *Richmond*, bound from this port to Liverpool:

> *On the 2nd inst.,* the schooner "Dean Richmond," the first of the Chicago and Liverpool line, had progressed as far as Thorold, Canada West.
>
> The schooner was welcomed with a warm greeting on her arrival at that port. In accordance with a resolution passed at a meeting of citizens held a day or two previously, the "Reeve" and "Deputation" were sent out with a large number of the inhabitants on board to welcome the "Dean Richmond." The Canadian vessels had the flags of both countries waving over their mast-head—the Union Jack at the head and the Stars and Stripes at half-past.
>
> C. Y. Richmond, Esq, one of the owners, and Capt. Pierce, being absent, Mr. Waffle, the acting master, and Mr. M. E. Lee, 1st mate, having been previously notified of what to expect, were in readiness to "answer the salute" in a proper manner. John Grant, Esq, and a large number of the Thorold people went on board the "Richmond."
>
> The officers of the "Richmond" were then addressed from the "Reeve," the speaker stating that the merchants, manufacturers and traders of Thorold, at a public meeting held on Thursday evening, unanimously resolved, on the arrival at the place, to present an address to the Captain and Owners, expressive of their best wishes for the prosperity of the noble vessel and her gallant crew on their trip to Liverpool; and on their homeward bound voyage; and of their heart-felt desire that the enterprise of those gentlemen, and others engaged in mercantile pursuits in Chicago, in establishing a line of vessels between that city and Liverpool, may be crowned with abundant success. He had much pleasure in presenting to them, in the absence of the Captain and Mr. Richmond, the said Address.
>
> The address is quite lengthy. Mr. M. E. Lee, mate of the Richmond, replied to it in a very neat and appropriate manner, after which the parties visiting the Richmond were entertained on board in her spacious cabin. Champagne flowed freely, and much enthusiasm and good feeling were exhibited by the officers and crew.
>
> Meantime the Reeve was requested to invite the officers of the Thorold House, to partake of a *dejeuner*, which had been prepared for the occasion. At this *dejeuner* various toasts and speeches were made, after which, Messrs. Waffle and Lee returned to their vessel and the crew, having been invited to partake of a luncheon, at the Thorold House, were kindly entertained. During the time they sat down to the table, several toasts were given, and responded to, and all parties present enjoyed themselves remarkably well.
>
> After the health of the Chairman, and also of the Committee, were proposed, and drank, with much good feeling, the company dispersed.
>
> The proceedings occupy over three columns of the Thorold *Gazette.*

Correspondence of the Baltimore Sun.

Supposed Loss of the Frigate Independence.

WASHINGTON, Aug. 7.

I learn in confirmation of the statement which I made in my letter as to the fears felt for the safety of the frigate "Independence," that she touched at Valparaiso and one other port for repairs, and has not since been heard of. She is an old razee and barely seaworthy. The orders under which she sailed, with Com. Mervine and Mr. Benson for the Guano Islands, were communicated to the Senate some time ago. The Commodore was to survey and explore the islands and make a report as to their situation, extent, guano deposits, &c. As eight months have passed since the ship sailed it is not impossible that she has been lost. At any rate, by some accident advices from her have been delayed.

We hope there is no truth in the above report. It is true that the Independence has not been heard from for some months, not however eight months. She left Honolulu on the 19th of February, bound to the Island, where she may probably be detained, or Capt Mervine may have sent by vessels that have not yet arrived. We shall anxiously look for advices by the next California steamer. We learn that the Independence had about eight hundred souls on board.—*N. Y. Com. Advertiser.*

MESSRS. BROOKS AND KEITT.—These gentlemen have been returned unanimously by their constituents to Congress. After the unjust and high-handed outrage perpetrated upon them by the Black Republicans in the House, the result will be gratifying to every democrat.—*N. Y. Day Book* (Buchanan organ.)

What say the Democrats of Wisconsin to this Custom House *dictum*? Are they willing to endorse "Club Law" as a democratic principle; or will they, by their votes, sanction the brutal outrage upon Senator Sumner?

Later from Kansas

Outrages upon two Wisconsin Men!

We find the following accounts in a late letter to the New York *Tribune*. Surely, in the worst days of York and Lancaster, there was no such succession of outrages upon private citizens as goes on daily in Kansas:

A NEW AND STARTLING FEATURE.—I have just been toward the South a short distance, and have some interesting news from that quarter.—Two young men, Free State men, named Cline and Randall, formerly from Milwaukee, Wisconsin, have been taken prisoners by a mob down near Sugar Creek, fifty miles south of this, and are now lodged in jail in Harrisonville, Cass Co, Mo. There is a band of young Southerners in that direction who have camped there. They had vowed vengeance on the Free State settlers generally, and on a few in particular, whom they happened to know. Among others they had vowed vengeance on the two young men mentioned, Messrs. Cline and Randall, because they had found out that they were in our camp at the time Whitfield came up with his army of invasion. These Southern bravos pretended that they had got the horses stolen. They said that they had found them tied in the woods ten miles off; all of which looks excessively probable. The fact is, if their horses ever were there they put them there themselves. However, this made a good excuse. They went to the place where these young men reside, and pretending to be "militia of Kansas," took them prisoners. What business even "militia" have to make prisoners in this way, I will leave you to judge. Having got them into their possession in this manner, they took them before a bogus Justice of the Peace to have them tried and convicted by his honor for horse stealing, so that they could hang them "legally." The young men were anxious to send for witnesses to prove themselves innocent, and that they were otherwise engaged at the time in question; but this was strictly forbidden by the Ruffians, the "Justice" in question sustaining them in the refusal. Even in such circumstances they failed to bring a particle of testimony against them.

In this dilemma the Justice wanted to know what he should do, or whether they would have to be discharged. The Ruffians said no, they should not be discharged. The Justice then said that he had not the slightest doubt of their guilt, and recommended the Ruffians still to keep them to see if evidence would not "turn up."—The Ruffians required no advice to do so. They took them to their camp, where a large number were for hanging them without further parley, and one or two drew their pistols to shoot them. A fierce and very interesting discussion for the prisoners ensued. At last, humanity triumphed—as it always will when violence ventures its cause to reason—and the lives of the young men were spared for the present, only with the expectation that they could yet be reached by *legal* means, so that no one would incur "*responsibility* for killing them." They were then taken by a party of these men to the State of Missouri, and are now lodged in the county jail of Harrisonville, in that State. Think of that. Two Free State settlers from Milwaukee, because their indications of spirit proved them to be Free State men, are thus violently and illegally lodged in a Missouri jail. Is there no protection for American citizens under Frank Pierce's government? Shall they be released?

THE TRIBUNE A BAD CERTIFICATE.—This same band of Southern rowdies have been very busy, and have been guilty of many outrages already. Another incident I will relate that happened a week ago. A settler had been at Osawattamie to get his mail. On his return these gentry waylaid, stopped and searched him. Besides the Topeka paper, and one or two Eastern journals he had the *Tribune*. He was at once accused of carrying incendiary documents, knocked down, beat and kicked. He contrived to get away from them. When they had him down they swore that any man who would take a paper that supported Fremont ought to be hung. As the unfortunate gentleman got up they gave "three cheers for Buchanan."

Mr. Buchanan's Subserviency to Slavery—In Favor of Rifling the Mails.

The following brief record of one of Mr. Buchanan's votes in the Senate is properly regarded by the Slavery Propagandists as one of the clearest evidences that he has always been with them in sentiment and action:

U. S. SENATE, Wednesday, June 8, 1836.—On motion of Mr. Calhoun, the bill to prevent the circulation of incendiary publications (*touching the subject of Slavery*) in the mails, was taken up on its third reading.

The bill was lost on its passage by the following vote:—

YEAS—Messrs. Black, Brown, BUCHANAN, Calhoun, Cuthbert, Grundy, King, of Alabama, King, of Georgia, Mangum, Moore, Nicholas, Potter, Preston, Rives, *Robinson*, Tallmadge, Walker, Wright, White—19.

NAYS—Messrs. BENTON, Clay, Crittenden, Davis, Ewing, of Illinois, Ewing, of Ohio, Goldsborough, Hendricks, Hubbard, Kent, Knight, McKean, Leigh, Morris, Naudain, Niles, Prentiss, Ruggles, Shepley, Southard, Swift, Tipton, Tomlinson, Wall, Webster—25.

It will be seen that Mr. Buchanan was truer to Slavery and its despotic demands than several leading Southern Senators, among them Clay, Benton, Crittenden, Leigh, of Virginia, Goldsborough and Kent, of Maryland.

But the above is only one of the evidences of the sort. Here are the *thirteen* reasons given by the Richmond (Va.) *Enquirer* why the Pro-Slavery men should vote for Buchanan. They are admirably condensed for convenience' sake, and are the text of a great many electioneering speeches down south:

1. In 1836 Mr. Buchanan supported a bill to prohibit the circulation of Abolition papers thro' the mails.

2. In the same year he proposed and voted for the Admission of Arkansas.

3. In 1836–'37 he denounced and voted to reject petitions for the abolition of Slavery in the District of Columbia

4. In 1837 he voted for Mr. Calhoun's famous resolutions, defining the rights of the States, and the limits of federal authority, and affirming it to be the duty of the Government to protect and uphold the institutions of the South.

5. In 1838–'39 and '40, he invariably voted with Southern Senators against the consideration of anti-Slavery petitions.

6. In 1844–'45 he advocated and voted for the annexation of Texas.

7. In 1847 he sustained the Clayton Compromise.

8. In 1850 he proposed and urged the extension of the Missouri Compromise to the Pacific ocean.

9. But he promptly acquiesced in the Compromise of 1850, and employed all his influence in favor of the faithful execution of the Fugitive Slave law.

10. In 1851 he remonstrated against an enactment of the Pennsylvania Legislature, for obstructing the arrest and return of fugitive Slaves.

11. In 1854 he negotiated for the acquisition of Cuba.

12. In 1856 he approves of the repeal of the Missouri restriction, and supports the principles of the Kansas Nebraska act.

13. He never gave a vote against the interests of Slavery, and never uttered a word which could pain the most sensitive Southern heart.

[From the Superior Chronicle, 5th.]

Lake Superior Items.

WHEAT.—The Messrs. Wrights, living about five miles from town, raised, the present season, a very fine field of winter wheat. It was sowed in new ground last fall, and harrowed in with a forked brush. It stands quite thick, and will average about eighteen bushels to the acre. The grains are large and full and are remarkable for their extreme whiteness. Lake Superior wheat at lower lake ports would be a rarity, and we hope samples may be sent to our friends below. Two dollars per bushel has been offered for the crop, for this purpose.

REAL ESTATE.—The transactions the past week as far as heard from amount to $16,550, as follows:—One quarter of a share in the town of Superior, $9,000; at the office of Bright and Hayes, $2,200; at the office of E. W. Anderson, $1,400; at the office of J. B. Bell, $1,320 two lots on Second street at $1,100; at the office of M. W. McCracken, two lots on First street, $550; at the office of the company, three lots on Seventh street, $450; and twenty-five acres of land three miles from town, in private hands, for $560.

IRON ORE.—We were shown on Thursday last a specimen of iron ore, which was, we learn, obtained within nine miles of this place, in the neighborhood of the St. Louis river, and for richness is equal to that found at Marquette; the quantity is said to be inexhaustible. Measures are being taken to examine this location, and the probability is that a mine will in a short time be opened.

BUILDING.—Since the first of July, a greater number of houses have been erected than any previous month this year. The average, we think, is from four to five per week. This is partly owing to the abundance of lumber. We have now four good saw-mills in this vicinity, and in a few weeks more they will all be at work.

DROWNED.—On Saturday last, a man by the name of David Hays, was drowned in the lake near Minnesota Point.

Vote on the La Crosse Cars.

MILWAUKEE, Aug. 13.

MESSRS EDITORS:—On monday morning last, there was a vote taken on the cars of the La C. & M. Rail Road, and although the numbers were small, yet, like the weather-cock, they show which way the "wind blows."

If you have a spare corner in your useful paper, please insert them.

They were as follows: Fremont 45, Buchanan 11, Fillmore 1, and Neutral 5.

Yours, Respectfully
SCIOTO.

Lt. Gov. Kœrner on Col. Fremont.

Translated from the Milwaukee Atlas.

Lt. Gov. KORNER, (a German by birth,) of Illinois, whose honor and veracity will not be called in question even by his enemies, in a recent address to his fellow countrymen at Belleville, said:

"I assure you, Fremont is sound on the Know Nothing question, very sound, as sound as any in this audience or as I am myself. I have on all occasions labored for the interests of my German fellow countrymen, and who among you can believe that a man like Hecker would advise you to vote with the Republican party, if he did not know that *in so doing you do not*, in the remotest degree, put your rights in jeopardy. I know moreover what I say, for during my recent visit to New York, I had a long conference with Fremont and found him sound in every particular on all the great questions of the day.

HABEAS CORPUS.—The man, Kouel, who was committed to jail in this county for placing obstructions on the track of the La Crosse & Mil. R. R is now at liberty on bail. There was an effort made by his counsel, on Tuesday last, before the Hon. G. C. Williams, County Judge, to procure his release upon a writ of habeas corpus, which effort was ineffectual. Judge Williams, however, considered the amount of bail required as exorbitant, and reduced it from $5,000 to $500, which amount was obtained and the prisoner released from custody.—*Wash. Co. Democrat.*

THE GERMANS OF IOWA.—Let the result of the election in this city and county be what it may, one thing is very certain, the Republican ticket has had the active and energetic support of our German citizens. They cannot be cheated into voting for the extension of Slavery in the name of Democracy. A majority have voted with us now, and we shall get a good many more in November.—*Burlington Hawkeye.*

And the German vote here seemed at least a full half of it to be given for the Republican ticket; and yet many Fremont men among them voted for the Democratic State ticket, who will vote for the Republican ticket in November. A decided majority of the Germans will be very certainly with us then.—*Keokuck Gazette.*

IMPORTANT LAND DECISION.—We learn that a decision has been made at Washington which restores to the original and rightful owners of Superior City, Douglas county, Wisconsin, the full title to their town site. The *Attorney General*, to whom the case was submitted by the Secretary of the Interior, decides in accordance with the plain statutory provisions, that Half-Breed Indians are not entitled to the benefits of the Pre-emption laws. This point is the chief one we raised in these columns some twenty months since, when we felt it our duty to inform the people that a species of land robbery was being attempted at Superior such as the country had never before known. It is a matter of congratulation to every lover of law and justice, that the right has at length prevailed, and that men who attempted to take that which others had earned by hard industry, have been most wofully disappointed.

This decision punctures some very extraordinary gas-bags in and about St. Paul, as well as several fancy dealers in North Western land *stocks who do not reside here.* As the title (?) to the largest and best portion of Superior property also goes overboard by this triumph of the rights of Messrs. Brunson and Slaughter, we would advise a certain candidate for the Vice-Presidency to be looking after his "big strike in Wisconsin." When the history of this whole Superior affair is written (and it shall be if we live,) the transactions in connection with these fraudulent half-breed pre-emptions will place more than one "honorable" gentleman on the wrong list of a fair dealer between man and man.—*St. Paul Minnesotian.*

CARROLL COLLEGE, WAUKESHA.—The Waukesha *Plaindealer* has the following remarks in relation to the condition and progress of Carroll College, located in that pleasant village:

> We are struck with the encouraging prospects of this new enterprise in the midst of us, and feel quite sure that our own citizens and the friends of Education in this section of our State, have but a slight appreciation of the claims of Carroll College upon their confidence and co-operation, which, without any high pretensions, from the simple Grammar School established five years ago, has noiselessly pursued "the even tenor of its way," expanding each year, until it now presents us with a full Collegiate organization, affording facilities and educational appliances and characteristics, unsurpassed by any other similar establishment in the State. With the recently entered Freshman Class of fifteen, in addition to the other Classes as registered in the Catalogue, the Collegiate Department stands as follows:

Seniors	7
Juniors	8
Sophomores	18
Freshmen	15
	48

> The prospects of the Preparatory Department were never more flattering than at present. It is to be under the conduct and supervision of the Rev. W. J. Montieth, who, as Vice-President of the Institution, is quite an acquisition to the Faculty, as he brings with him character, scholarship and experience matured by the devotion of many years to the self-denying work of instructing the rising generation. Prof. Pidgeon, a ripe scholar, who is to fill the Professorship of the Ancient Languages, we noticed present at the examination, and presume he will be here at the opening of the ensuing term. Of Dr Savage, the President, and his other coadjutors, Professors Bean, Chapman, Daniels and Evans, we need not speak. The fruits of their conjoint labors in this enterprise are before the public, its successful achievement affording them, we doubt not, a more satisfactory memorial than any we could give. We would earnestly solicit the attention of all who feel an interest in the educational matters of our State, to this institution, and their co-operation to that extent which their careful examination may dictate.

DIED.

In this city, on the 13th inst., MARY JANE, aged 18 months, infant daughter of Jane and John H. Ryan, Constable of the Third Ward.

Funeral will be attended from his house, on Detroit St., at 2 o'clock this afternoon.

THE ALLEGANY.—The Chicago *Tribune* sets up the new propeller in the following good style:

> THE NEW ALLEGANY.—We had the pleasure, yesterday, of examining one of the finest specimens of naval architecture that has visited Chicago this season. The above named propeller was built for the A. T. Co., by Mr. Jones, of Milwaukee. Her model, both as a sea boat and for freighting purposes, cannot be surpassed; her lines are beautiful, and we think her stern the handsomest we ever saw. It seems as though it would be an utter impossibility for a sea to board her either fore or aft,—she certainly does look most noble. There is one thing about her that deserves especial commendation—the joiner's work. We have never seen, on steamer or propeller, anything to equal it; in fact, everything about the boat bears evidence that the Company intended to have her as near perfection as possible. Her cabin work is decidedly neat, and finished in the finest style; her state-rooms are large, well ventilated, and furnished with everything for the convenience of passengers. We noticed an entire new feature about the cabin; the ladies' portion of it being separated from the gentlemen's by sliding doors, so that they can be social or not, just as they please, and the Captain, with his usual good taste in such matters, has had the panel work in that part of the cabin decorated with flower painting, knowing the taste of the fair sex for such matters, and which they will duly appreciate by giving the boat the preference when they travel. Her between decks is most spacious, and capable of stowing away a large amount of rolling freight, and in what is known, among sailors as the "working part of the ship," there has been "an eye single" to room. She has all the necessary requisites, such as boats, fire engines, hose, &c, and in fact everything has been looked to that could conduce to the comfort and safety of the passengers, and preservation of the cargo. Her engine is the one used in the former propeller of that name, and has been an exceedingly fortunate one, seldom wanting any repairs, and of great power, and capable of driving her at a good rate of speed. Her dimensions are, length 172 ft. 10 inches; beam 29 ft. 7 inches; 12 f. 10 inches hold, and measures 501 10-95 tons. She is commanded by Capt. Curtis, former master of the old Allegany, and the thousands with whom he has done business on these lakes, will concur with us in saying that, as a gentleman and a sailor, he stands in the front ranks of his profession, and, by all, is universally respected. Success to him and his noble craft.

AGROUND.—We learn that the propeller *Milwaukee*, in coming across the St. Clair Flats on Friday, got fast aground, and, at last accounts, was still fast. She would have to be lighted off. The water, we learn, is remarkably low, the wind for a few days, having been very strong, and in the right direction to force the water back.—*Det. Adv.*

RELIEF FOR THE SCHOONER PILGRIM.—The steam tug *Morton* left here yesterday for the schooner *Pilgrim*, having Capt. Lyman on board, with all necessary apparatus for getting the vessel off. As that part of St. Helena Island where she went ashore has a shelving beach, and as she had a load of lumber and lath, it is hoped that she can be got off without serious damage. She is owned by Capt. Lucas, who sails her, and is insured in the Chicago Mercantile for $4,000, about two-thirds of her value. Her cargo, owned by A. G. Eberle, Esq., of this city, was uninsured, and consisted of 140,000 feet of lumber, and 20,000 lath. The *Pilgrim* is about ten years old, but a staunch, good vessel.—*Chicago Press.*

SCHOONER DENMARK ASHORE.—We learn that the schooner *Denmark*, with lumber, bound from Green Bay to Chicago, is ashore near Bailey's Harbor, on this side of the Lake.

Fever and Ague—Certain Remedy.

NO MORE USE for Tonic Mixtures, Quinine, Fowler's Solution, Arsenick, Mercury, or any of the villainous or nauseous compounds, which only relieves one disease to implant another more deadly, and which sends its unhappy victims finally with a wrecked and broken constitution, to an early grave. Try Carter's Spanish Mixture, which contains none of these dangerous drugs, but cures by acting specifically on the Liver, purifying the blood and strengthening the system, thus enabling nature to recuperate her exhausted energies by opening the pores of the skin, and expelling from the body all impurities and old medicines, which clog and retard its free operation.—More than one thousand persons have been cured by Carter's Spanish Mixture, after every thing else had signally failed. As a sample of its remarkable effects Messrs. Davis & Hicks, of Autaugaville, Ala., writes us that it cured a gentleman of Chronic Fever and Ague, which all the efforts of physicians and their remedies, could not subdue. He only took three bottles. They say it sells very rapidly, and maintains its high reputation all through the country. aug6d1m

Chills and Fever.

TO THOSE who are afflicted with this disagreeable and baffling malady, we would state, that after years of hitherto unavailing research, a medicine has been discovered which will, in every case, effect a certain and permanent cure of this dreaded disease. It is not a quack nostrum prepared to extract money from sufferers, for the proprietor offers to refund the money if a cure is not effected after following the directions. He is assured by the evidence of hundreds of cures which they have effected, that this medicine is in reality the remedy so long desired in the Western country. This valuable medicine is prepared in the form of a pill, from the bark of a shrub, which has proved to be a perfect antidote to Malaria. They are simple and plain in their nature, powerful and active in their operation, and perfectly harmless to the system, having no other than a specific effect upon the disease which is truly wonderful. Some persons have stated that these pills must contain arsenic, or some powerful mineral, owing to their quick effect in curing this disease. The proprietor would state that he will pay one thousand dollars to any chemist who will find one particle of mineral in this composition.

Certificates of cure from persons of the highest respectability can be obtained by calling at the Drug Store of HENRY FRED, JR., No. 196 East Water street.

N. B. One great recommendation for these pills are, that they only require about five to effect a cure. Enquire for THAYER'S OMEGA PILL, for the immediate cure of chills and fever or intermittent fevers of every description. Prepared and sold wholesale and retail by FRED. W. THAYER, 307 Washington street, Boston.

POLICE COURT, AUGUST 13.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

Thomas Seymour, *drunk and disorderly*, sent to jail for 5 days in default of $5 fine, David Smith, for fast driving on bride, fined $2, Richard Coughlin disorderly, fined $5; John Schoekart, drunk, 2 days in jail in default of $1 fine; Michael Kocklofske paid $1 fine for being drunk.

STRETCHING THE STATUTE—James Cannovan was examined upon a charge of having "with force and arms in and upon one John Murphy in the peace of God, then and there made an assault, with intent him the said John Murphy then and there feloniously, wilfully and of malice aforethought to kill and murder."

The evidence showed that the defendant told the boy to get him a drink of water, this the boy, who is step son to the defendant, refused to do, and defendant whipped him, "slapped him with his hand." The boy's ears were grazed and had bled considerably several marks from slaps of an open hand were visible on the boy's body. It was plain he had been beaten too severely, but that there was the least shadow of foundation for charging him with intent to "kill and murder" the boy is simply ridiculous.

The defendant is an old offender, and when intoxicated is brutal in his nature and conduct, ill treating his family shamefully, and merits punishment, the treadmill would be none too good for him, but to deliberately charge him with an intent to "kill and murder" as in the case above is stretching the statute to an extent it never was intended. In default of $1,000 bail he was taken to jail to await the action of the Grand Jury.

CHARGE OF LARCENY.—Michael Gerrety and John Davlin were examined on a charge of stealing an anchor and chain of the value $110, alleged to be the property of W B Elliott.

The complainant, it appeared, had made a conditional purchase of the anchor and chain from a Mr Hanley the anchor and chain were then in the water off Oak Creek Elliott was to pay for it when he got it Elliott applied to Davlin and Gerrety to go and bring the anchor and the chain back for him On Sunday the defendants started for the anchor and chain and had weighed the anchor, when a squall sprung up and they had to let go, first attaching a buoy and rope to the anchor, but the rope was too short to permit the buoy to reach the surface.—They saved 30 to 40 feet of the chain, and brought it in to Milwaukee Here it was found by the officers, Gerrety telling Mr. Elliott how they had cut the chain, and taking pay for getting the chain.

The defendants counsel, Messrs Doran and Foote, contended that the intent to steal was not in the remotest manner made out, and that the ownership of the property was in Hanley and not in Elliott as charged in the complaint.

The Court held the defendants for trial, remarking that it was a case more properly for a jury to decide, than himself, the question was one of special *ownership* He seemed to convey the idea that if sitting as a petit juror he should feel more like acquitting than convicting, but sitting as an examining magistrate, wherever a doubt existed it must be thrown *against* and not *in favor* of a defendant, as upon a *trial* The bail was fixed at 300, and we believe was given before night.

Charles Sauer, for violating bridge ordinance, fined $2.

VISIT OF THE HIGHLANDERS.—The Chicago HIGHLAND GUARD, Capt McKAY, arrived here yesterday morning, in the *Cleveland*, and were received by detachments from the Light Guards, Union Guards, and Artillery After being escorted to Market Square, the military dispersed, and made a pleasant day of it. The Guards are a fine looking set of fellows, dressed in the regular old style, with red frock coats, tartans, huge overhanging caps, bare continuations, and other paraphernalia. They marched well and looked well.

In the afternoon, the several companies turned out for street parade, and made a fine appearance, and the Highlanders were escorted to the boat, as we hope, pleased with their trip. Several of them were captured by our troops, however, and taken care of till the night boat left, as they proved too good company to be let off on a short acquaintance.

Col. Davis and Staff, of the Washington Independent Regiment No 1, of Chicago, accompanied the Highland Guard, and participated in the military ceremonies of the day Just before parting, the Highlanders sung "Annie Laurie," "Scots wha hae," and "Auld Lang Syne," in capital style As the *Cleveland* moved off, cheer after cheer rent the air, from the military and civic crowd on the pier, in honor of our Chicago guests. A splendid brass band accompanied the Highland Guard, and made our streets vocal with spirit-stirring music.

One of the pleasantest features of the affair was the cordial fraternization of the different companies, representing, as they did, four different nations, Scotch, Irish, German and American. It was an auspicious "fusion," which we hope to see confirmed and strengthened with the lapse of each succeeding year The Union Guards acquitted themselves admirably, yesterday, and great credit was due to Capt. Liebhaber's Artillery Company, for the soldier-like manner in which they fired the welcoming salute The Light Guard, too, fully maintained their well earned reputation, and the Chicago Company excited general admiration.

A SEWER NEEDED.—We believe that a committee, appointed by the Common Council, is at work devising a plan for a thorough system of sewerage for the city—and it was high time that something was done to the purpose.

But what we had to say was concerning a sewer needed *now*, or very soon, on Wisconsin street, from the new Custom House to the river, and whether or not we get soon a general system of sewerage, there is no denying the fact that such a thing is at once wanted in the locality specified. The Government plans contemplate a first class building in every respect, with all the conveniences of such buildings in the shape of drainage, water, gas, &c The superintendent, we understand, is authorized to pay a liberal share of the expense of a large sewer, and the whole expense need not be much, if any, over $2,500 The Aldermen of the 3d and 7th Wards should look to this, and we think would be fully justified by their constituents in providing for this public improvement immediately, although the work is not wanted at once Their determination, however, would warrant the superintendent in making sundry arrangements in the building which he is scarcely justified in doing without their action.

MILWAUKEE MECHANICS.—See under our marine head a handsome notice of the new propeller *Allegany*, and compliment to the mechanics engaged upon her It is but fair that they should be named The list is as follows

City Land Office.
GREAT AND EXTENSIVE SALE of Lots in KILBOURN CITY, situated on the Wisconsin River, at the point where the La Crosse and Milwaukee Railroad crosses the river and must and will be the important station between Milwaukee and La Crosse

The Wisconsin River is capable of furnishing the greatest Water Power of any river in the United States. The manufacturing power, which is estimated at hundred millions of feet are annually manufactured on the Wisconsin River, will furnish immediate use for the greatest portion of this water power. The Wisconsin River also is in the forests which are more extensive than on any other river in the West.

The site of Kilbourn City is magnificent, being a plain rising from a bluff elevation of 50 feet at the river bank to an elevation of about 80 to 90 feet where it meets table land five miles east of the river. The whole of Oak Openings, and the land lays beautifully.

The best, purest and softest water can be had by digging a few feet. Kilbourn City was laid out and building commenced in Sept last. Since which time over 20 buildings have been enclosed at a cost of from one to three thousand dollars each, and great numbers of others are in process of construction.

In fact, it would require two columns of one of our daily papers to give an adequate account of the advantages of Kilbourn City One word is sufficient and that is this There has been no city laid out in many years which has offered so many inducements and advantages and where capitalists can invest their money so certainly as in Kilbourn City.

To those who are emigrating into this country here is a great opportunity Go and look at it and attend the sale, which comes off Monday, August 18th and continues from day to day through the week Over one thousand lots will be offered The terms of payment will be very easy. A small amount will be required down and the balance on long time, particularly to those who intend to build.

Kilbourn City is in Columbia Co, State of Wisconsin.—You take cars from Milwaukee to Beaver Dam, where you will find conveyance to Kilbourn City. Maps of said city will be ready in a few days, and can be obtained by calling at my office

THREE P. M. REPORT.

Boston, Aug 1

The steamship Canada arrived here from Halifax at 10 o'clock this morning Her mails were dispatched by early trains.

New York, Aug. 13

The Tribune's correspondent at Washington 12th, says

Mr Cotts, counsel of Gov Robinson, has just arrived from Kansas, and reports that a collision between the advancing emigrants through Iowa and the Missourians, is probable He confirmed the previous reports that the Missourians are assembling in large numbers at Iowa Points near the line of Kansas and Nebraska, under the command of Gen. Richardson, of Wakarusa war notoriety This attempt to drive out free emigration is done with the concurrence of Governor Shannon, who had not then heard of his removal Companies of Free State settlers from Topeka, Lawrence and the Beavers settlement, and other Free State places have gone to aid the emigrants in reaching the Territory.

Philadelphia, Aug 1

The screw steamer Kangaroo from Liverpool July 30, arrived here this morning News anticipated.

Washington, Aug 2

There is no truth in the report that Judge Lecompte and Cato have been officially requested to resign, nor have they been removed. There is no ground for the statement that the prosecutions in Kansas for treason, and other crime are to be quashed.

Mr. Geary accepted the Governorship of Kansas on no such conditions as has been alleged.

Contested Election Cases in the House.

WASHINGTON, Aug 9

The House of Representatives have disposed of all the contested cases of election, with the exception of that from Iowa. Several weeks ago, Mr Hall, the sitting member, and Mr. Clark, the contestant, came before the committee of Elections and agreed upon an armistice for a hundred days It is not, therefore, probable that this subject will be finally acted upon during the present session.

PERFECT PROTECTION FROM THE ELEMENTS.

WEST'S

Patent Galvanic Cement for Roofing.

THE ATTENTION of Architects, Builders, and the public generally is invited to this roofing—as being superior to other compositions in use for like purposes. In fact, we think it superior to any other Roofing, for it has more essential qualities combined, required for roofing, than any other material used, viz: Imperviousness to water, incombustibility, durability and cheapness. It is Fire and Water proof, and can be applied to flat or steep roofs. Its texture and appearance resembles slate—will not soften and run in the warmest weather, nor become hard and crack in the coldest—therefore it forms a good walk on piazza's, flat roofs, car tops, steamboat decks, &c. Its fire proof qualities particularly adapts it to Railroad buildings, engine shops, &c. It is equally adapted to repairing old roofs, coating around battlements, sky lights and chimneys, and lining eave troughs, &c.

This roofing is being extensively used in the Eastern States on the most expensive buildings. Testimonials may be seen from the owners of buildings, Builders and Architects, and also specimens by calling at the office.

The subscribers own the right for the State of Wisconsin, and will sell territory by counties or towns, on favorable terms.

For further information apply at the office of the subscribers, Architectural room of Mygatt & Schmidtner, corner West Water and Spring streets, or to J. Y. Cheney, one of the proprietors, No. 4 Market Square.

TO BRIDGE BUILDERS.

THE LaCrosse & Milwaukee Railroad Co. invite proposals, with plans and specifications, until Wednesday noon Oct. 15th next, for building a bridge over the Wisconsin river, on the line of their road. This road extends in a north westerly direction across the State, from Milwaukee, on Lake Michigan, to La Crosse, on the Mississippi River, crossing the Wisconsin River at Kilbourn City, in Columbia County. The river, at this point, runs in a rocky bed, the banks of which are vertical rock bluffs to the height of 30 feet above the water, at which point they are at the grade of the line of the road, and about 300 feet apart. The water is about 20 feet deep, having in the middle of the stream, a few feet of sand overlaying the rock bottom. It is proposed to erect two piers about 30 feet from either bank, at which the water is about 7 feet deep at low water, with a clean rock bottom, giving a span in the middle of 200 feet and two short spans at the ends, resting upon the natural rock as abutments. It is desirable so to construct the bridge as to give [illegible] way below the R R track, passing the latter over the higher section of the bridge. The Company reserve the right to award the contract to any parties, on any plan furnished, but in case of their using the plan of any builder on any plan furnished by any other person, they will pay to the person furnishing such plan the sum of FIVE HUNDRED DOLLARS, in full consideration of the plans and specifications so adopted.

PERMANENT GLOSS PAINT.

Important Improvement in Painting!

A PERMANENT GLOSS PAINT for in- and out door work has long been a desideratum. All paints prepared in the [illegible] Oil will rapidly turn from the light color and most opposite tints to the yellow color of the oil itself, the change being the more rapid as the paint is excluded from the full light of day.

The subscriber after a sufficiently long experience in its use, can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color, from the purest white, resembling enamel or porcelain, to all the different varieties of tints, suitable for private dwellings, Churches, Hotels, &c. It will set in brilliancy and richness of surface, surpasses all other paints, it possesses superior advantages retaining permanently even the most delicate colors with which it is combined.
